THURSDAY, OCT. 21, 1909.

THE present Campaign has been disappointing to the Republican sympathizers. At its outset many predictions were made by that party in reference to the great fight which was to be put up. Great speakers of National fame were to be brought into the state and the Democrats were to be slaughtered right and left. But how different is the realization when compared with the anticipation. The Republicans have been worsted in every debate; the great speakers who were to come from Washington have prudently remained within the limit of the city and the campaign assumes the appearance of a huge joke as all previous Republican Campaigns in Virginia have.

Indeed they could scarcely hope for better results. Led by a ticket several of whom deserted the Democratic Party because they could not make good there; with a leader who is a good reader, but a poor reasoner, who criticizes the record of the Democratic candidate for Governor for his record upon the liquor question but who has totally forgotten to state where he stands upon the same issue, who criticizes the methods of the Democratic administration without offering a remedy for its evils. As congressman Glass has said "a political acrobat who knew not but that he was doomed to perpetual solitude until the moment that his nomination was dictated by Hon. Bascom Slemm." With this for the head of the ticket and the rest of a similar quality, how could they hope for anything but the usual overwhelming defeat.

ACCORDING to our usual custom no paper will be printed during Fair week. Correspondents will please wait until the following week and then send us in a double supply.

The oyster dredging season opened in the Potomac yesterday and many large dredge boats are at work. After two days of dredging they report oysters fat and plentiful. Prices are 20 cents per bushel for seed oysters, and from 25 to 50 cents for large oysters. So far the demand has been good.

The Blackstone school for girls opened its 16th session with the largest boarding party in its history—over three hundred boarders are in attendance already, and quite a number have been refused by a careful process of selection only those who are suitably

## Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
